Old Business

We had an excellent presentation by Henry Paulter, library gardener, employed by the Friends':

- We asked for more perennials, plants flowering at different times, or having interesting foliage in fall/winter
- Mr. Paulter explained how he will add plants to fulfil these requests
- Focus is on adding native species including dutch Iris, blackberry Lily, milkweed to attract monarch butterflies, but also non-native butterfly bush.
- He will remove invasive plants.

As it was the holiday season, the meeting concluded with a social hour. An array of goodies and soft drinks was enjoyed by all present.

The next meeting will be held on January 14, at 7 PM in the library.
